To order online visit our website at
www.nwalhabitat.org

Habitat for Humanity of Northwest Alabama needs your help to construct our future office located in Twin at Atkinson Farms. This 21.5 acre parcel will host not only our Habitat Office but will also include an RV Volunteer Park and future subdivision large enough for 30 Habitat Homeowner sites.

Please help honor this occasion by dedicating a brick that will be incorporated in our walkway! You may order as many bricks as you want at this special price.

Also, ask about how to become an individual or corporate sponsor with a recognition plaque inside our office!
